| <b>OrganizationName</b>   |  | <b>Proj. #</b> |
| College Des Frères, Bethlehem   |  | J2569          |
| <b>ProposalSubject</b>  | <b>Total Disbursed for the Project</b> |                |
| Improving safety standards in the school's science lab  | \$14,100.00                            |                |
| <b>OrganizationProfile</b>  |  |                |
| <p>College de Freres - De La Salle School - Bethlehem is a private Christian school established in 1893. It is part of the Institute of the Brothers of the Christian Schools, also known as Lasallian Brothers. The De La Salle Brothers have a formidable history and reputation in education in Palestine, stretching back to over 125 years. The school is guided by its mission statement and five core principles set forth by St. De La Salle: Faith in the Presence of God; Respect for All People; Quality Education; Inclusive Community; and the Concern for the Poor and Social Justice. Currently, there are around 900 students (nearly equal numbers of Christians and Muslim students) attending classes in at De La Salle School in Bethlehem.</p>   |  |                |
| <b>ProjectDescription</b>   |  |                |
| <p>Science laboratories offer hands-on learning and applied experimentation for students. Lab work can be dangerous, as students work with chemicals and therefore, school science labs should have emergency equipment available in case of an emergency. College de Freres – De La Salle School has the maximum number of students per science class, yet lacked ventilation, storage space for chemicals, fire extinguishers and air conditioning units. With the generous funds from KHS-Holland in the total amount of \$16,454.15 (€14,100), the project covered the costs of installing a false ceiling and air-conditioning units, a new fume hood, cabinetry, light fixtures, purchase and install new lab equipment and paint the lab. With the funds, the school's science laboratory is now a safe learning environment for both students and science teachers.</p> |  |                |

|   |                              |                      |             |
|---|------------------------------|----------------------|-------------|
